# BELFRUIT

*Belfruit S.A. It is a tropical fruit export company founded in 2019. Dedicated to the export of various tropical fruits to different strategic points internationally, focusing on delivering quality products with personalized service with each of our clients, thanks to a team of 24 socially responsible employees and committed to offering the world market a product with the highest quality standards, becoming a solid company maintaining our philosophy of "quality is not negotiated".*

# MISSION

Commercialize and export tropical fruits backed by the highest standards of quality and customer service, guaranteeing the transparency, safety and well-being of our collaborators and clients, delivering quality fruit suitable for human consumption.

# & VISSION

Consolidate ourselves as a leader in the commercialization and export of tropical fruits through each of our commercial brands in the different international markets due to our quality, respect, commitment and social responsibility.

# PRODUCTION

Our fruit comes from farms qualified with quality certifications, which comply with all international regulations for food safety, hygiene and control of production and packaging processes.

*The phytosanitary department of our company, together with the quality verifiers of each sector, maintains strict periodic control in the farms that supply us with fruit.*

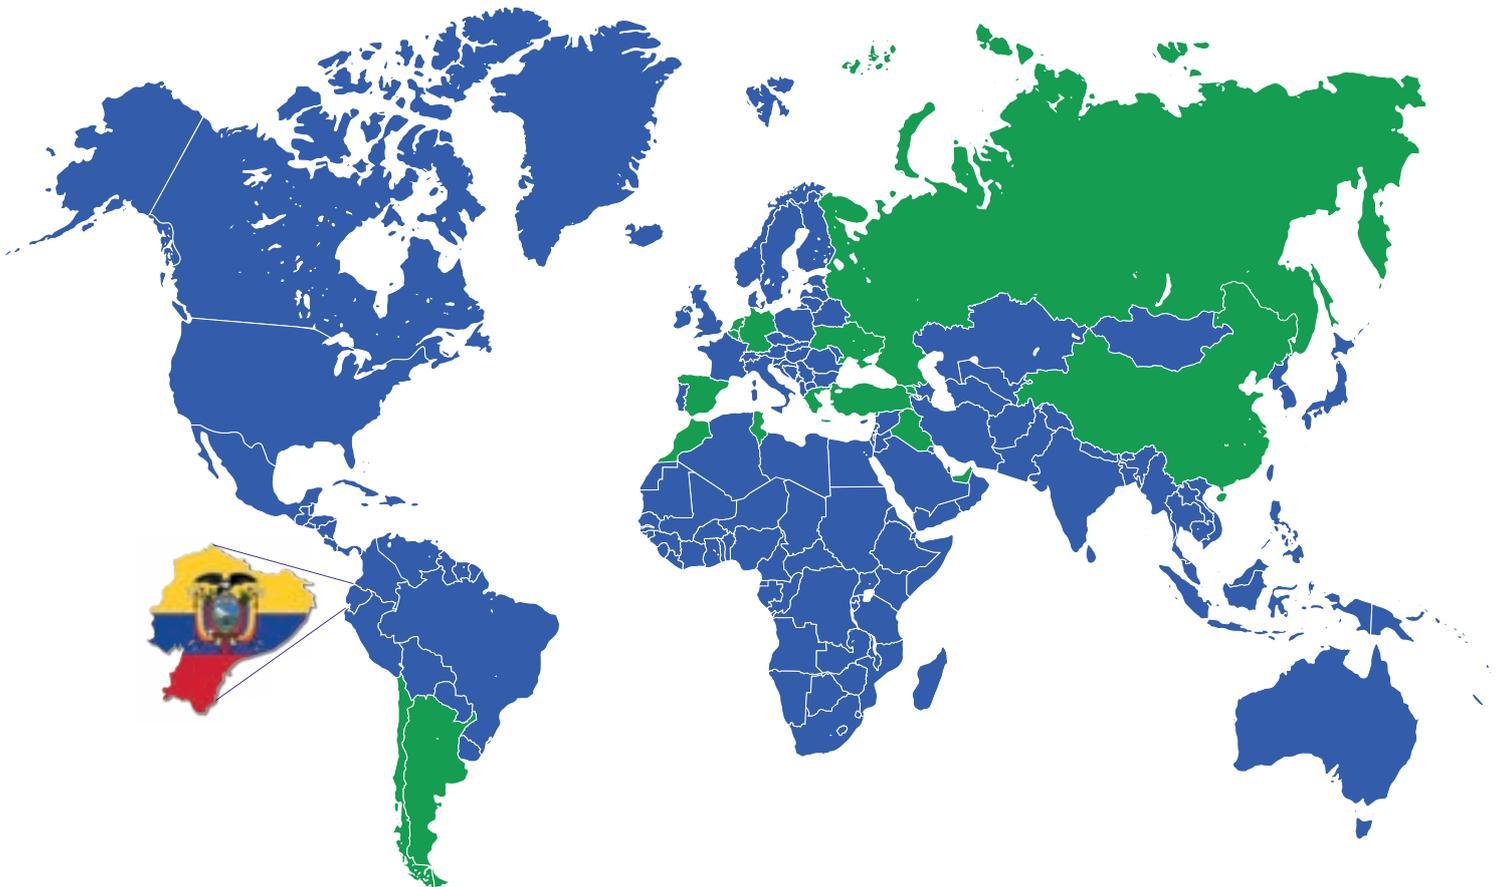

# **SOCIAL RESPONSABILITY**

*Our company is committed to the safety and permanent care of its employees, complying with social security regulations and the labor laws of Ecuador, seeking the constant development of training programs.*
